## Abstract

The abstract goes here. 200–250 words. A summary of the whole report including important features, results and conclusions.

## Index Terms

Please provide a few keywords that describe the

# Name of Project

## I. INTRODUCTION

**I**N the introduction, you are supposed to highlight the main aims of the paper to the reader. Let the reader understand the purpose of you writing the report. You can also comment on the flow of the report so that the reader can know what to expect.

Justify the importance of the work done during the internship, as well as the possible impact.

**VERY IMPORTANT: MAKE SURE TO INCLUDE AT LEAST 10 bibliographic references, (and use them throughout this document)**

### A. Subsection Heading Here

This is how you include a subsection.

1) *Subsubsection Heading Here:* Subsubsection text here.

## II. OBJECTIVES

Clearly state the original objectives to the internship project, comment whether all of the objectives were achieved, and, if not, give a brief explanation on which objectives were not achieved and why.

## III. STATE OF THE ART

Provide a complete, but brief, survey of discipline or disciplines related to your work. Give a little more detail on the relevant work previously done related to your own work with adequate references.

## IV. METHODS AND TOOLS

Give a detailed description of the methods and tools used for the work reported. Include software, equipment, experimental procedures, data workflows, etc.

## V. DEVELOPMENT

Describe the process of the work done during the internship. You can add sections or subsections accordingly.

## VI. RESULTS

Describe the results of the work done.

## VII. CONCLUSION

Discuss the results described in the previous section, you may include your own opinions about why some specific outcome was obtained, how would a different outcome may be obtained, etc. Make sure to include performance comments about your project.

Write a summary of the main points of the body of the report. Be sure to highlight the important aspects that the reader may have overlooked.

## APPENDIX A

### PROOF OF THE FIRST ZONKLAR EQUATION

Appendix one text goes here.

Appendices are used for information that is relevant for the work, but breaks the flow of the main body of the report. For example, source code, lengthy mathematical derivations, table data, etc.

## APPENDIX B

Appendix two text goes here.

## ACKNOWLEDGMENT

The author would like to thank...
